

Wednesday, April 20, 2022

11 a.m. to 12 p.m. ET

Are you an employer who has had difficulty finding an affordable benefits plan option for your employees? Manufacturers, home healthcare providers, restaurants and daycares are only a few of the industries that have historically struggled in this regard.

Pennsylvania Chamber Insurance (PCI) is pleased to present the "Health Benefit Alliance Webinar: A Group Health Plan Employers and Employees Can Afford," a FREE event designed to provide business leaders with a new — and affordable — insurance option that gives them the ability to choose from various plans with fixed costs, no required census, no employee contribution minimum and no deductibles, among other attractive benefits.

## **WEBINAR HIGHLIGHTS**

In this FREE, no commitment informational webinar, insurance experts will share details of PCI's new Health Benefit Alliance partnership and answer attendee questions about how this program — which has attracted more than 60,000 members since its inception in 2016 — can become an affordable employee benefits option for your company.

Among the program's highlights include:

- How the hybrid, level-funded HBA platform can offer affordable health benefits for employers to offer to every employee — including part-time, seasonal and "giq" workers
- An overview of the broad array of plan designs that employers can choose from, allowing for both standard and supplemental coverage
- Information about other insurance benefits available through the program

Following the presentation, participants will have an opportunity to engage in Q&A with the speakers.

TITLE: A Group Health Plan Employers and Employees Can Afford

DATE: Wednesday, April 20, 2022

**TIME:** 11 a.m. to 12 p.m. ET
