

TO: The Honorable Members of the Pennsylvania Senate Appropriations Committee

FROM: Kevin Sunday, Director, Government Affairs

DATE: February 28, 2023

RE: Support SB 121 – Integrity of the Motor License Fund

On behalf of the Pennsylvania Chamber of Business and Industry, I urge you to **support SB 121**, which continues the reduction of the diversion from the state's Motor License Fund.

We thank Chairman Langerholc and the Transportation committee for beginning the 2023-24 legislative session by building on past momentum towards a sustainable, comprehensive funding system for transportation and infrastructure. As we compare our position versus other states who are gaining population and have better rankings for economic competitiveness, the quality of our infrastructure is paramount to the success of our economy and the safety of our residents.

As such, the PA Chamber continues to support the integrity of the Motor License Fund by limiting its expenditures to its intended purpose, which is the construction and maintenance of roads, bridges and infrastructure projects, and to that end we urge your support for the approach embedded in SB 121.

In order to ensure our state has a modern, safe and efficient system of infrastructure, the PA Chamber, along with many local chambers, advocates, non-profits and others, championed passage of Act 89 of 2013 and the recently enacted federal bipartisan infrastructure law, and it is paramount that these revenues be used for their core purpose. As such, we encourage you to **vote yes on SB 121**.
