

TO: The Honorable Members of the Pennsylvania Senate  
FROM: Alex Halper, SVP, Government Affairs  
DATE: April 8, 2024  
RE: Support S.B. 831 – Carbon capture

On behalf of the PA Chamber, I urge you to support SB. 831 to establish a comprehensive regulatory framework for the deployment of carbon capture technology. We understand the bill may be considered this week.

Carbon capture holds great potential to be added to the state's diverse energy portfolio, which has helped Pennsylvania lead the country through every major energy transition in its history.

Establishing a legal and regulatory framework for carbon dioxide capture, utilization, and sequestration is vital to ensuring the deployment of billions of dollars in private capital, as well as potentially leveraging federal infrastructure funding, to innovate in low-carbon manufacturing, agricultural and energy production projects.

We urge you to support this bill. Please contact Alex Halper at [ahalper@pachamber.org](mailto:ahalper@pachamber.org) or 717-645-8730 with questions or to discuss.
