RE: **PA Chamber memo: Support H.B. 1503**

On behalf of the Pennsylvania Chamber of Business and Industry, the largest, broad-based business advocacy organization in the Commonwealth, representing nearly 10,000 member companies of all sizes from across all commercial and industrial sectors, I write to ask you to support HB 1503.

HB 1503 would modernize the tax code to account for technological advancements and wireless internet data services. It would clarify that the sales tax exemption applies to all equipment, parts and supplies used to build and maintain wireless networks like it already does for landlines. This is a commonsense update to the tax code and we ask for your support.

For any questions or further discussion, please contact Neal Leshner, Director of Government Affairs, at nlesher@pachamber.org or 717-507-9240.
