

Energy and Environmental Conference

Tuesday, October 28, 2025 | Sheraton Harrisburg Hershey Hotel

AGENDA

8:00 A.M. Registration, Breakfast, Exhibits

8:30 A.M.

Welcome Remarks from the PA Chamber and Sponsors

- Luke Bernstein, President and CEO, PA Chamber of Business and Industry
- Amy Brinton, Director, Government Affairs, PA Chamber of Business and Industry
- Justin Ladner, President, Pennsylvania American Water
- Environmental Protection Agency

8:50 A.M.

Morning Keynote

- Stephen DeFrank, Chairman, Pennsylvania Public Utility Commission

9:05 A.M.

Energy Partner Award Recognition

- Amy Brinton, Director, Government Affairs, PA Chamber of Business and Industry

9:25 A.M.

Federal and State Policy Changes in Environment and Energy

- Gary E. Steinbaur, Shareholder, Environmental Group, Babst Calland
- David Raphael, Partner, Environmental, Land, and Natural Resources, K&L Gates

10:25 A.M.

Refreshment Break — Exhibits Open

11:00 A.M.

Breakout Sessions

Track One: PFAS — Emerging Challenges and Solutions

- **Moderator:** Kate Vaccaro, Esq., Partner, Manko Gold Katcher and Fox LLP
- Jeremy Kriger, Senior Specialist, Safety and Environment, GSE-WP, Merck
- Steven Kratz, President, Pennsylvania Chemical Industry Council (PCIC)
- Bruce Brubaker, P.E., Manager, Engineering — Project Delivery, Pennsylvania American Water

Track Two: Emerging Permitting Reform

- **Moderator:** Andy Bockis, Partner and Environmental Practice Co-Chair, Saul Ewing LLP
- Ramez Ziadeh, P.E., Executive Deputy Secretary, Department of Environmental Protection
- Sen. Gene Yaw (23rd Senatorial District), Majority Chair, Senate Environmental Resources and Energy Committee

12:00 P.M.

Lunch

12:45 P.M.

Exhibits and Networking

1:15 P.M.

Plenary Panel: Unleashing Pennsylvania's Energy Potential

- **Moderator:** Clayton Bubeck, PE, President & CEO, RETTEW
- William desRosiers, Manager of Government and External Affairs, Coterra Energy
- Jenny Netherton, Officer, Energy Modernization, State Campaigns, The Pew Charitable Trusts
- Stephen Bennett, Senior Manager, Regulatory and Legislative Affairs, PJM Interconnection

2:30 P.M.

Conclude

ABOUT THE SPEAKERS

Luke Bernstein, President and CEO, PA Chamber of Business and Industry

A seasoned financial, government, and public policy professional, Luke came to the organization in 2022 with more than 20 years of experience in the public and private sectors.

Before leading the PA Chamber, Luke was most recently executive vice president, chief operations and technology officer at Orrstown Financial Services. He had served as Orrstown's corporate spokesperson since 2017.

He was previously senior vice president of external affairs at the Pennsylvania Bankers Association from 2015 to 2017 and deputy chief of staff for former Pennsylvania Gov. Tom Corbett from 2011 to 2015.

In addition to his executive leadership roles in the private sector and state government, Luke has experience working at the federal level, as a former appointed advisor in the Administration of President George W. Bush and as an aide in the U.S. Senate. He holds a bachelor's degree in political science and policy studies from Dickinson College, where he also served as an adjunct professor.

Luke also completed the Duke Leadership Program at Duke University's Fuqua School of Business. He is a very active member of his community, serving on numerous boards and as a youth sports coach.

Amy Brinton, Director, Government Affairs, PA Chamber of Business and Industry

An experienced and widely respected government affairs and policy leader, Brinton will oversee the PA Chamber's advocacy in several key policy and regulatory areas, including energy and environmental issues.

Brinton brings a wealth of experience to the PA Chamber. As the government affairs manager for Duquesne Light, she coordinated and executed legislative strategy at the state and local levels. Brinton played a key role in drafting and advancing energy and utility-related legislation through the legislature, including renewable energy and Pennsylvania Broadband Authority proposals.

She previously served as executive director for the Pennsylvania House Veterans Affairs and Emergency Preparedness Committee and as a research analyst for the House Democratic Policy Committee and House Local Government Committee.

Brinton has advocated on behalf of Duquesne Light and the broader energy sector before lawmakers, serving as the primary representative for a PA Chamber member company that provides electricity distribution services to hundreds and thousands of residential and business customers in western Pennsylvania. She was also named in City & State's 2023 and 2024 Who's Who in Government Relations, and was previously elected as a local school board director.

Justin Ladner, President, Pennsylvania American Water

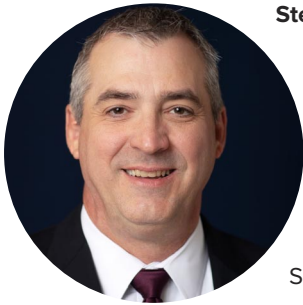

Justin Ladner is president of Pennsylvania American Water, the largest investor-owned water utility in the state, providing high-quality and reliable water and wastewater services to approximately 2.4 million people. In this role, he reinforces and strengthens customer, regulatory, and local government relationships; drives the company's operational and financial results; and leads the company in providing safe, clean, affordable, and reliable water services to help keep customers' lives flowing.

Prior to this role, Ladner served as president of Illinois American Water from 2020 to 2022, where he led the company's Illinois subsidiary serving approximately 1.3 million people. Ladner joined American Water in 2018 as director of National Regulatory Affairs. In this national role, he was responsible for developing and implementing strategies, practices, and processes related to national regulatory affairs and positioning the company as an industry leader with utility commissioners across the nation.

Before joining American Water, Ladner served in multiple roles at Southern Co., including attorney for Southern Nuclear and governmental affairs and policy manager, project manager for the Integration Management Office, and assistant to the executive vice president of Nuclear Development at Southern Power. Prior to joining Southern Co., Ladner was an associate attorney for Huie, Fernambucq & Stewart in Birmingham, Alabama. He also worked for U.S. Steel as a metallurgical engineer.

Ladner currently serves on the boards of directors for the American Water Charitable Foundation and Pittsburgh Works. He is also the current board vice chair for the Pennsylvania Chamber of Business and Industry. He has been recognized as one of Pennsylvania Business Central's Top 100 People and named to the Pittsburgh Power 100 by City & State Magazine and is a member of the 2024 Class of Henry Crown Fellows within the Aspen Global Leadership Network at the Aspen Institute.

Ladner received his law degree, cum laude, from the University of Alabama School of Law, as well as a master's and a bachelor's degree in Metallurgical and Materials Engineering with honors from the University of Alabama. He is married and has two daughters.

Stephen DeFrank, Chairman, Pennsylvania Public Utility Commission

Stephen M. DeFrank was nominated to serve as Commissioner by Governor Tom Wolf on September 20, 2022, and confirmed by the Pennsylvania Senate on October 19, 2022. Once on the Commission, he was elected as Vice Chairman on October 27, 2022, and appointed as Chairman on August 30, 2023, by Governor Josh Shapiro. He was renominated by Governor Shapiro on March 24, 2025, and confirmed unanimously by the Senate on June 4, 2025. His term expires on April 1, 2030.

Some of Chairman DeFrank's board and committee memberships include: Chairman, National Association of Regulatory Utility Commissioners' (NARUC) Committee on Gas; NARUC Board of Directors; Mid-Atlantic Conference of Regulatory Utilities Commissioners (MACRUC) Board of Directors; Organization of PJM States, Inc (OPSI) Board of Directors; Pennsylvania Broadband Development Authority; Federal Communication Commission's (FCC) Federal-State Joint Board on Jurisdictional Separations; New Mexico State University Center for Public Utilities (CPU) Board of Directors; Gas Technology Institute Public Interest Advisory Committee (GTI PIAC); NARUC Advanced Nuclear State Collaborative; and NARUC Electric Vehicles State Working Group.

Chairman DeFrank earned his bachelor's degree in public policy from California University of Pennsylvania. He resides in the Harrisburg area with his wife Colleen and their two daughters Brynn and Paige.

Gary E. Steinbaur, Shareholder, Environmental Group, Babst Calland

Gary Steinbaur is a shareholder in the Environmental Group of Babst Calland. Mr. Steinbaur advises clients on a wide variety of matters arising under major federal and state environmental regulatory programs. He provides strategic advice on permitting matters, day-to-day compliance needs, government investigations, and enforcement actions. Mr. Steinbaur regularly works with companies in the chemical, mining, metals, oil and gas, petroleum refining, power generation and distribution, and other industrial sectors.

Mr. Steinbaur devotes a significant portion of his practice to advising clients on issues arising under the Clean Air Act, Clean Water Act, and related state programs regulating air emissions and wastewater discharges. He handles air and water permitting matters and appeals and helps clients facing federal and state enforcement actions.

Prior to joining Babst Calland, Mr. Steinbaur served as an attorney in Region 5 of the U.S. Environmental Protection Agency. While at the U.S. EPA, he handled civil enforcement matters brought under major federal environmental laws, including the Clean Air Act, Clean Water Act, Comprehensive Environmental Response, Compensation and Liability Act, Emergency Planning and Community Right-to-Know Act, Federal Insecticide, Fungicide, and Rodenticide Act, Resource Conservation and Recovery Act, Safe Drinking Water Act, and Toxic Substances and Control Act. Mr. Steinbaur also advised EPA on permitting matters arising under the Clean Water Act's NPDES program and the Clean Air Act's Title V program.

Mr. Steinbaur began his legal career practicing commercial litigation at an international law firm and as a judicial law clerk in the U.S. District Court for the Eastern District of Michigan.

Mr. Steinbaur earned his law degree, magna cum laude, from the University of Toledo College of Law in 2006, where he was elected to the Order of Coif and served as the managing editor of the University of Toledo Law Review. He graduated from the Ohio University with a B.S. in Environmental Biology in 2002.

Mr. Steinbaur is admitted to practice in Pennsylvania, Illinois and Michigan, as well as before the U.S. Court of Appeals for the Sixth Circuit and the U.S. District Court for the Eastern District of Michigan. He is actively involved in leadership roles within the American Bar Association's Section of Environment, Energy and Resources and the Allegheny County Bar Association's Environment and Energy Law Section.

David Raphael, Partner, Environmental, Land, and Natural Resources, K&L Gates

David Raphael is a partner in the firm's Environmental, Land, and Natural Resources practice. Prior to joining K&L Gates, David served as Chief Counsel of the Pennsylvania Department of Environmental Protection (DEP) where he provided legal counsel to the Secretary and executive staff of the DEP. In this role, he oversaw a statewide team who represented the department on a variety of environmental compliance, litigation and transactional matters. His experience as an environmental practitioner—spanning more than 25 years in both the public and private sectors—has made him a trusted advisor on some of the largest and most complex energy and petrochemical projects in Pennsylvania.

While in government service, David provided legal advice to the Governor of Pennsylvania and Secretary of PADEP regarding environmental permitting matters related to the siting and construction of an ethylene cracker plant in Beaver County, Pennsylvania. The US\$14 billion-dollar project is one of the largest construction projects completed in Pennsylvania since World War II. Since returning to private practice, David has provided legal counsel on environmental permitting matters for the expansion of the natural gas liquids facility, Marcus Hook Terminal (formerly the Marcus Hook Industrial Complex), where he advised on Title V air permitting, air modeling, and NPDES permitting. The Marcus Hook Terminal includes processing units, 3 million barrels of NGL storage, and four export docks with a capacity of 400,000 barrels per day.

Most recently, David has been retained to provide environmental permitting counsel for the Homer City Redevelopment Project—the largest natural gas-fired data center campus in the United States. This project will entail the construction of a 4.4 gigawatt natural gas-fired facility for a 3,200 acre AI and high-performance computing data center campus.

David represents clients in environmental litigation matters before the Environmental Hearing Board, various state and federal courts, and administrative boards. He also provides environmental counsel on complex transactions and a wide range of environmental compliance issues, including the implementation of environmental compliance and audit policies.

Kate Vaccaro, Esq., Partner, Manko Gold Katcher and Fox LLP

With more than 20 years of experience working on regulatory and other matters related to air quality, Kate now co-leads the firm's air practice group. Across a diverse client base, Kate focuses her time working with complex industrial facilities, including refineries, chemical and other product manufacturers, commercial waste management facilities, and power generators. Her work for these and other clients often involves emergent Clean Air Act issues, including siting and permitting of data centers to support increasing AI-driven computing demands, and issues involving how PFAS compounds in the air are measured and regulated. The firm's multiple air lawyers work closely with the firm's in-house technical consultants, and Kate also draws on her undergraduate degree in biology (with concentrations in organic chemistry and genetics) and years of on-the-ground experience in the chemical manufacturing and pharmaceutical sectors to deliver legal advice that accounts for her clients' technical operations.

Kate regularly advises clients on compliance issues under federal and state air pollution control regulations, including virtually all aspects of the Title V permitting program and state-only air permitting programs. When compliance issues result in enforcement, she works with clients to achieve the best outcome under the circumstances, relying on her years of defending enforcement actions brought by federal, state, and local environmental agencies, as well as her relationships with legal and technical contacts in these organizations. To the extent an acceptable resolution is unavailable, Kate has the experience to handle the resulting administrative litigation, having successfully challenged many objectionable Title V and other permits and enforcement orders.

Kate is the firm's primary representative in the Pennsylvania Chamber of Business and Industry and regularly presents to Chamber members and staff on air issues as a co-chair of the Chamber's Environmental and Energy Policy Council. In the community, Kate currently donates her time to the Tredyffrin Township Planning Commission, on which she has served for four years, and she has spent the last decade serving on the Board of Directors of the Brandywine Valley SPCA. Kate was previously elected to the Boards of Directors of the Women's Energy Network Greater Philadelphia Chapter and Delaware Valley Earth Force, and she also previously served on the Upper Merion Township Environmental Advisory Council for several years, including as Chair.

Kate has spent her entire legal career at the firm, beginning as a summer associate. Now she works closely with more junior attorneys at the firm, co-coordinating associate performance evaluations. Previously, Kate served as the firm's associate workload partner for five years.

In 2014, Kate graduated from LEADERSHIP Philadelphia's Core Program. In law school, she was a member of the Temple Law Review, and in college at Drexel, Kate was selected for the Honors Program, eventually earning the highest grade point average among all biology majors in her graduating class.

Kate and her husband have a young daughter and a golden retriever, and they enjoy spending time together, especially, at their favorite lake. Kate also enjoys going to concerts and exercising.

Jeremy Kriger, Senior Specialist, Safety and Environment, GSE-WP, Merck

Jeremy Kriger is an environmental compliance specialist with over 20 years of experience, including 13 years as a consultant and 7 years as an EHS professional. He is currently a Senior Specialist with Merck's Global Safety & Environment team at their West Point facility serving as the site's subject matter expert for several environmental programs including Safe Drinking Water, stormwater, wastewater, groundwater remediation, storage tanks, and spill prevention/response. He has been a member of the PA Chamber's environmental committee for 10 years, served as Water Issues Co-Chair for the past 3 years, and presented on environmental compliance topics at three previous Annual Energy and Environmental Conferences.

Steven Kratz, President, Pennsylvania Chemical Industry Council (PCIC)

Steven Kratz serves as the president of the Pennsylvania Chemical Industry Council (PCIC), the statewide business organization representing the commonwealth's chemical, plastics and related industries. Collaborating with PCIC's board of directors and staff, Kratz oversees operations, advocacy and initiatives of the council.

Kratz brings nearly 20 years of political, advocacy and economic development marketing experience to the council, with an extensive background in advancing projects, policies and initiatives, and leading diverse coalitions.

As PCIC president, Kratz works to foster an economic and regulatory environment that encourages investment and growth in technology and innovation, and advances the chemicals and related industries as a whole.

In addition to his role with PCIC, Kratz is a senior director and heads up the Advocacy Practice for Bravo Group, a Harrisburg-based national public affairs and communications firm. He served as the director of communications and press secretary for the Pennsylvania Department of Community & Economic Development and led or supported several political campaigns in southeast Pennsylvania and the Lehigh Valley. He is a graduate of Lebanon Valley College.

Bruce Brubaker, P.E., Manager, Engineering – Project Delivery, Pennsylvania American Water

Bruce Brubaker serves as Manager Engineering – Project Delivery at Pennsylvania American Water, a subsidiary of American Water, the largest investor-owned water utility in Pennsylvania. In this role, Bruce leads a project delivery team responsible for executing water and wastewater infrastructure projects across Central Pennsylvania, supporting the company's mission to provide safe, clean, and reliable service.

Bruce has served with Pennsylvania American Water for more than 11 years, bringing a strong foundation in engineering and project management. He also worked in consulting as a Project Manager, gaining valuable experience in infrastructure design and execution. He holds a Bachelor's degree in Mechanical Engineering from Geneva College and a Master's degree in Environmental Engineering from The Pennsylvania State University. He is also a Licensed Professional Engineer in the Commonwealth of Pennsylvania.

Bruce resides in Dillsburg, PA with his wife and three children.

Andrew Bockis, Partner, Environmental Practice Co-Chair, Saul Ewing

Andrew Bockis helps clients obtain and defend environmental permits for their projects. Industrial projects are subject to ever-changing rules and increased agency review time. Whether related to industrial warehouses or oil and gas facilities or renewable energy projects, many business leaders are frustrated with the uncertainty created by complex environmental regulation. The situation is magnified when there is public opposition to a project. Based on his prior experience as counsel to the Pennsylvania Department of Environmental Protection and Pennsylvania Environmental Hearing Board, Andy helps clients in a variety of industries minimize project delays and secure the permits they need. When projects are challenged, he helps companies defend their interests in court. He has litigated and defended environmental permitting decisions before the Pennsylvania Environmental Hearing Board, Pennsylvania Commonwealth Court, Pennsylvania Supreme Court, and the U.S. Courts of Appeals for the Second Circuit, Third

Circuit, D.C. Circuit, and in response to petitions for certiorari before the U.S. Supreme Court. Andy also helps clients navigate their interactions with regulatory agencies in order to avoid extra costs and lost time so that they can commence construction and operate with confidence. He is the immediate past Chair of the Pennsylvania Bar Association's Environmental and Energy Law Section, and co-editor of Pennsylvania Environmental Law and Practice, published by PBI Press. He is also Chair of the Pennsylvania Chamber of Business and Industry's Environmental Council. Mr. Bockis is a partner in the Harrisburg office of Saul Ewing LLP and is Co-Chair of the Firm's Environmental Practice.

Ramez Ziadeh, P.E., Executive Deputy Secretary, Department of Environmental Protection

Ramez started his career with DEP in January of 1994 in the Southwest Regional Office as a Civil Engineer in the Soils and Waterways Section of the Water Management Program. Since then, he served as the Permitting and Technical Services Chief in the Watershed Management Program in the Southcentral Region, Chief of the Project Inspection Division in the Bureau of Waterways Engineering and Wetlands, Director of the Bureau of Waterways Engineering and Wetlands, Executive Deputy Secretary of Programs and Acting Secretary during the last 7 months of Governor Wolf's term. Ramez is a licensed professional engineer in the States of Pennsylvania and California. He received his B.S. degree in civil engineering from the University of Pittsburgh in 1993.

Senator Gene Yaw, Majority Chairman, Senate Environmental Resources and Energy Committee

Senator Gene Yaw was elected to represent the 23rd Senatorial District in Bradford, Lycoming, Sullivan, Tioga, and Union Counties in November 2008.

Prior to running for the Senate, Yaw served as Lycoming County solicitor for 17 years and was named County Solicitor of the Year in 2004. He has also served as general counsel to the Pennsylvania College of Technology for more than 20 years. In 2013, he was elected Chairman of the Pennsylvania College of Technology Board of Directors.

Senator Yaw serves as Chairman of the Environmental Resources and Energy Committee. He is also Vice Chairman of the Senate Judiciary Committee, and a member of the Agriculture & Rural Affairs, Banking & Insurance, Community, Economic & Recreational Development, Rules & Executive Nominations, and the Majority Policy Committees.

Senator Yaw serves on a number of Boards and Commissions including as Chairman of the Center for Rural Pennsylvania, a member of the Chesapeake Bay Commission, a member of the Environmental Quality Board, a member of the Pennsylvania Aggregate Advisory Board, and a member of the Pennsylvania Energy Development Authority.

Senator Yaw is a member of the Lycoming Law Association and Pennsylvania Bar Association, Pennsylvania Association for Justice, and a former member of the Board of Directors of Susquehanna Legal Services. He serves as "Of Counsel" with the McCormick Law Firm in Williamsport, a prominent firm which has been in continuous existence for 150 years.

A U.S. Army veteran, Yaw enlisted and went on to graduate from the United States Artillery and Missile Officer Candidate School in Fort Sill, Oklahoma. He served an overseas tour of duty as an artillery officer and was honorably discharged as a 1st Lieutenant. He graduated from Montoursville High School, attended Bucknell University, and earned degrees from Lycoming College and the American University School of Law in Washington, D.C.

Senator Yaw has coached Little League Baseball and coached and refereed for the American Youth Soccer Organization. He is a member of the National Rifle Association, Ducks Unlimited, the Nittany Lion Club, the Williamsport-Lycoming Chamber of Commerce and the Central PA Chamber of Commerce. He received the 2010 Distinguished Citizen of the Year Award from the Susquehanna Council, Boy Scouts of America, the 2011 Lycoming College Alumni of the Year Award, the 2011 CAPP Community Partner Award, the Central Pennsylvania State of Israel Bonds 2012 Israel Unity Award, the 2013 Pennsylvania Winery Association Industry Supporter Award, the 2014 Pennsylvania College of Technology Centennial Leadership Award, the 2015 Pennsylvania Office of Rural Health Legislator of the Year Award, the 2019 Pennsylvania Water Environment Association Public Official of the Year Award and the 2021 Pennsylvania Association of Conservation Districts Legislator Leadership Award.

Most recently, Senator Yaw received the 2025 W. Howard Hartman Little League Friendship Award, the 2025 Karl Brown Award for Ag Conservation Leadership, the 2023 WVIA Good Neighbor Award, the 2023 Marcellus Shale Coalition Shale Gas Advocate Award and was selected as the 2023 Clean Water Champion by the Choose Clean Water Coalition. Yaw has also been recognized by the National Federation of Independent Business as a Guardian of Small Business for several legislative sessions and by Americans for Prosperity – Pennsylvania for his consistent conservative legislative voting record. In May 2023, Sen. Yaw was named to the City and State Pennsylvania 2023 Energy and Environment Power 100 list.

A Loyalsock Township resident, Yaw is married to Ann S. Pepperman, Esquire. Together they have two children, Scott and Mackenzie, and four grandchildren.

Clayton Bubeck, PE, President & CEO, RETTEW

Clayton Bubeck is the President and CEO of RETTEW, a multidiscipline engineering firm with ten offices across the United States. He joined the firm in 2000 and has a diverse background in environmental engineering, oil and gas, and renewable energy services. Mr. Bubeck works closely with RETTEW's chief operations officer and regional vice presidents and managers to lead the company's growth and profitability and has been instrumental in growing RETTEW to a staff of more than 300 employees. He guides RETTEW's strategic business development efforts in the energy, transportation, industrial, and development markets. Previously, as a senior vice president, Mr. Bubeck helped evolve RETTEW from a mid-Atlantic-based firm to one developing and delivering service offerings throughout the United States.

Mr. Bubeck has served on RETTEW's Board of Directors for more than ten years, and as a licensed Professional Engineer in more than 30 states, he has developed an in-depth understanding of our business and the architecture, engineering, and construction industries. He is a recent graduate of the American Council of Engineering Companies' Senior Executive Institute and received a certificate from the Wharton School of Executive Education, having completed coursework geared toward emerging leaders in organizations like RETTEW.

William desRosiers, Manager of Government and External Affairs, Coterra Energy

William desRosiers serves as the Manager of External Affairs for Coterra Energy, where he leads public relations, government affairs, and community engagement efforts across Pennsylvania, New Mexico, Texas, and Oklahoma. He also oversees Coterra's philanthropic endeavors, with a particular focus on expanding investments in STEM and energy education, as well as managing the company's endowment at Lackawanna College's School of Petroleum & Natural Gas.

Having initially joined Coterra's precursor, Cabot Oil & Gas Corporation, in 2012, William brings a wealth of experience to his current role. Prior to his tenure at Coterra, he played a pivotal role at FTI Consulting, advocating for natural gas development in the Marcellus Shale region of New York and Pennsylvania, effectively engaging and educating stakeholders.

William holds a Bachelor of Science in Management, a Bachelor of Arts in History with a pre-law specialization, and an MBA from Misericordia University. Currently, he is pursuing a Master of Science in Business Analytics, complemented by additional graduate coursework in corporate finance.

Jenny Netherton, Officer, Energy Modernization, State Campaigns, The Pew Charitable Trusts

Jenny Netherton is an officer on Pew's energy modernization project, leading state campaigns to advance solutions for transmission infrastructure in the United States.

Before joining Pew, Netherton was the Louisiana senior program manager at Southeastern Wind Coalition. She focused on facilitating offshore and land-based wind energy development and related transmission. As an attorney, Netherton worked on per- and polyfluoroalkyl substances contamination and coastal restoration issues.

Netherton holds a bachelor's degree in English from Centenary College of Louisiana and a Juris Doctor from Tulane University School of Law with a certificate in environmental law.

Stephen Bennett, Senior Manager, Regulatory and Legislative Affairs, PJM Interconnection

Stephen Bennett is a seasoned professional with extensive experience in regulatory and legislative affairs within the energy sector. Currently serving as a Senior Manager at PJM Interconnection since July 2017, Stephen previously held roles such as Managing Director at Energy Advocacy, LLC and Senior Manager in Markets and Regulatory Policy at PPL Energy Supply/Talen Energy. Throughout a career that includes significant positions at Exelon and consultancy work at The Structure Group and Accenture, Stephen has demonstrated expertise in government relations, policy advocacy, and project management. Stephen earned a Bachelor of Science degree in Civil Engineering with an Environmental Concentration from the University of Maryland.
