RE: **PA Chamber memo: Oppose H.B. 1558 - New Building Mandate**

The PA Chamber opposes H.B. 1558, adding a new mandate on building construction, which the House may consider today.

This legislation would require the installation of diaper-changing stations to many private sector buildings.

The bill would have significant implications on a broad range of private businesses who would be subject to the new mandate, responsible for all associated costs, and could face severe penalties. And despite their status as a key stakeholder, we are not aware of any consulted on this legislation with the business community. Accordingly we oppose this bill for now and urge a more collaborative process.

Thank you for considering our views on this matter. Please contact Alex Halper at ahalper@pachamber.org or 717-645-8730 with questions or to discuss.
