

TO: The Honorable Members of the PA House Transportation Committee

FROM: Allie Kutz, Manager, Government Affairs

DATE: June 5, 2026

RE: **PA Chamber memo: Support H.B. 2214 – Expanding Eligibility for County Bridge Funding**

I write on behalf of the PA Chamber in support of House Bill 2214, which is scheduled for consideration on Monday, June 8, in the House Transportation Committee.

HB 2214 provides clarification to the distribution of transportation funding for county and municipal bridge infrastructure by ensuring that all municipalities and counties are clearly eligible to access and use these funds. The bill aligns existing funding with current infrastructure responsibilities and provides flexibility to address bridge needs across local systems.

Importantly, the legislation maintains funding stability by ensuring no county receives less than prior-year levels and authorizes additional Motor License Fund transfers, as needed, to preserve those allocations. This approach promotes consistency and predictability while supporting critical infrastructure investment. Well-maintained bridges are essential to efficient supply chains, workforce mobility, and access to jobs, markets, and services.
